

Aluminum Keg Rack

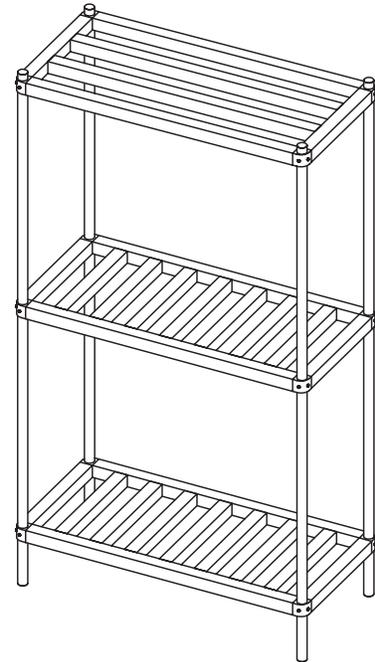

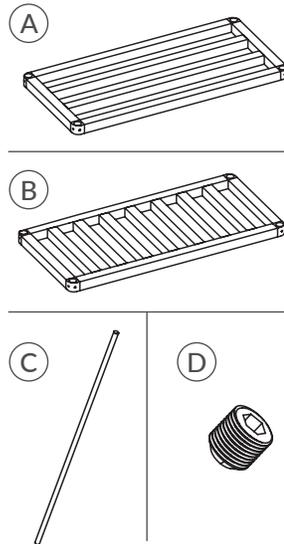

Assembly Instructions

TOOLS REQUIRED

Allen wrench (included)

PARTS:

- (A) (1) Top Shelf
- (B) (2) Middle & Bottom Shelf
- (C) (4) Posts
- (D) (24) Tightening Screws

Assembly Instructions

NOTE: Before assembly, please note that the bottom and middle shelves (3) have slats that run widthwise and the top shelf (4) has slats that run lengthwise.

1. Insert the posts (C) into the middle shelf (B). Adjust shelf to desired position and tighten with set screws (D).
2. Insert the posts (C) into the bottom shelf (B) and top shelf (A). Adjust shelves to desired positions and tighten with set screws.
3. Check that the rack and shelves are level.
