English

Make the Wi-Fi/*Bluetooth* connection settings for TM-P20 based on the system you are using.

Preparation

Load the battery and roll paper according to “User’s Manual”.

Setting using a smart device (iOS/Android™)

To set up the connection using a smart device, use “Epson TM Utility”. See the following procedure and make the settings.

Note:

An easy connection function using NFC or a barcode is also available.

① *Installing Epson TM Utility*

For iOS:

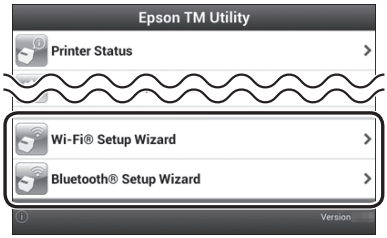
Search and download “Epson TM Utility” from the App Store, and then install it to the smart device you are using.

For Android:

Search and download “Epson TM Utility” from Google Play™, and then install it to the smart device you are using.

② *Setting up the Printer*

1 **Start the TM Utility and select “Wi-Fi Setup Wizard” or “Bluetooth Setup Wizard”.**



2 **Follow the on-screen instructions to complete the setup.**

Setting using a PC

To set up the connection using a computer, install the utility software from the CD supplied with the printer.
For details on how to make the settings, see the “Software User’s Manual” in TM-P20 Software & Document Disc.
