

Town 3-piece Bamboo Steamer Set

To cook with our bamboo steamer set, place set in a wok, or in our waterpan. Fill pan with water, bring to boil. Steamer should not sit directly in the water, Place food in one or both levels of the steamer set. The steam cooks the food with moist, penetrating heat. Steam cooks the food gently and does not destroy the nutrients. Our attractive bamboo basket can be used as the serving dish too! Cooking tip: place a lettuce leaf or something similar in the bottom of the steamer before placing food inside. This helps to keep the food from sticking.

Before using for the first time, we recommend you rinse the set with water and place over steam for 30 minutes. Your bamboo steamer set is now ready! Store in a well ventilated place to avoid mildew. Use mild soap to wash bamboo and then rinse thoroughly.

We have Bamboo Steamer sets in a range of sizes. from 6 " in diameter up to 22 " diameter

Bamboo steamers were originally designed to sit inside a wok filled with water .Now we offer waterpans for the 10 " and 12 " steamer,to sit on your stove top. Either way works great. A clean,healthy way to cook that keeps the moisture in. Order # 34640, 10 " steamer pan, or #34642,12" pan.
