

RESTROOM SPECIALIST CLEANING SYSTEM

Daily Cleaning Procedure

Prepare Cart:
Load clean red MicroWipe, yellow MicroWipe with red border and MicroMops 15.0 or 7.0 on the cart. Load paper products and refill materials. Do cart inventory.

Prepare Area:
Fill front section "B" of divided bucket with 4 gallons of water and 8 ounces of all purpose disinfectant. Place one gallon of clean rinse water in back section "A" of bucket.

Open door and set up sign.

Fill Sprayer On A Belt
with measured water and disinfectant and attach to belt.

Put personal protective equipment on:
Goggles and Gloves.

PREPARE THE ABOVE ITEMS BEFORE STARTING THE DAILY CLEANING PROCEDURE.

1

Remove Debris

Products Used:

NiftyNabber®

Action: Clean debris from urinals and toilets. Check and flush urinals and toilets.

2

Dispense Cleaning Solution

Products Used: Dispenser

Action: Spray germicide or bowl cleaner inside urinals and toilets.

3

Replenish Supplies

Action:

Replace toilet seat covers, paper towels, soap dispensers and empty the trash cans.

4

Dusting & Spot

Products Used:

Pro Duster

Action:

Use Pro Duster to spot clean dividers and other high-access surfaces.

5

Sweep Floor

Products Used:

Ergo Dust Pan

Action: Sweep floor removing all dust and debris before mopping.

6

Clean Surfaces

Products Used: Microfiber cloth, Sprayer On A Belt

Action: Spray cleaning solution onto the microfiber cloth and wipe down all surfaces (mirrors, sinks, countertops, door knobs, faucets, paper towel dispensers).

7
