

USAGE INSTRUCTIONS

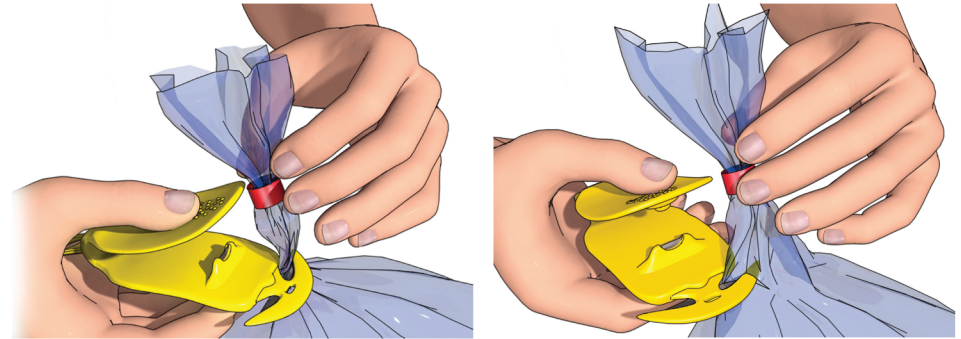

CENTER BLADE CUT

Gently **SQUEEZE** Viper Pro jaws together and **SLIDE** away from body to make cut along the top of the material

Keep Viper Pro **LEVEL** to avoid snagging the material

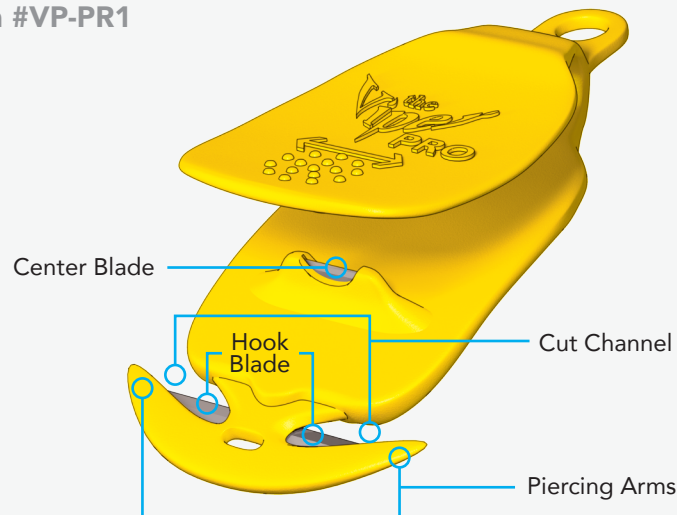

HOOK BLADE CUT

ALIGN material with cut channel and **PULL** Viper Pro through the material

Use piercing arm to **HOOK/PIERCE** material and **DRAG** Viper Pro along desired line of cut

Item #VP-PR1

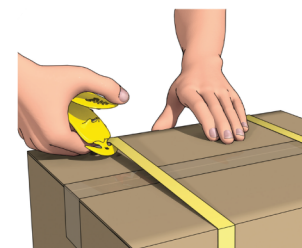

Products that provide "cut resistance", "cut protection" and/or "puncture resistance" DO NOT completely prevent or eliminate the potential for cuts or punctures. ALWAYS use approved personal protective equipment when handling sharp tools per your company's policies.

OTHER USES

Box Cutting

Box Straps

Shrink Wrap (Pallet)
