

JAC offers you a 5-year parts warranty. This warranty is valid on all parts of your machine, electronics included, excluding consumables, provided that you perform the required preventive maintenance.

You will find the serial number of your machine on its identification label on the bottom rear or bottom left side of the machine. The serial number is printed on the upper right corner of the label.

To ensure that you benefit from the 5-year parts warranty, please register your machine using [this form](#).
