Extended EQUIPMENT WARRANTY Program

What's Included?

2 Years labor + 5 years parts coverage for CVap® brand products inclusive of all Holding Cabinets, Hold and Serve Drawers, Thermalizer Cabinets, and Cook, Retherm and Hold Cabinets. Please see reverse for complete listing of qualified products.

Who Qualifies?

This extended warranty program, including parts and labor coverage, is available to schools K-12, colleges, universities, vocational and technical schools, and after care or long-term care educational facilities.

Why Such An Extensive Warranty?

There simply isn't a more extensive warranty program available on competitive equipment! Why are we offering it? It's all about the equipment and our customers. Because we're so confident in the equipment's reliability and because we know our customers take such good care of it, we are very comfortable with the coverage offered in this warranty.

Effective Date?

Extended warranty is available only on equipment purchased on or after March 29, 2010.
