Installation Notes

Pictured below is the drain on the bottom of the combi.

(The rubber elbow & 2 hose clamps are included with the Convotherm 4)

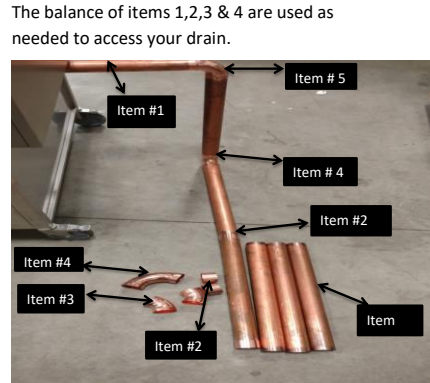

Item # 1 installs into the rubber elbow with one of the clamps

Pictured below is the drain line coming off the back of the oven utilizing 3 pcs. of item 1, two of item 2, and

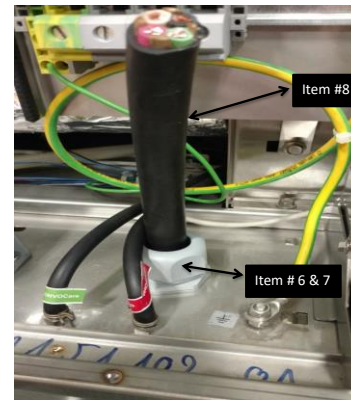

one each of item 4 and item 5 (#5 Needs to be **top** elbow as shown below)

The balance of items 1,2,3 & 4 are used as needed to access your drain.

Pictured below is the Item 8 # 6/4 8' cable installed with Cable Gland (Item 6)

The Item 7 Locknut for the Cable Gland is installed below the SS panel.

Pictured below are the incoming water lines located on the side and bottom of the oven.

(The hoses shown below are included with the Convotherm 4 and are not included in this kit.)
