

Touch-Free & Sustainable Cutlery Dispenser

Designed with ease & efficiency in mind, the Earthwise® dispenser combines the need for hygienic dispensing with sustainable, compostable cutlery to provide a superior operator and patron experience.

EASY START-UP

Initial dispenser kit order contains all components upfront including fork, knife & spoon inserts*

WASTE SAVING

Reduces cutlery waste compared to open bins and cutlery kits; patron only takes what's needed

TRULY TOUCHLESS

Reduce cross-contamination from user to user with no levers or buttons; patron simply grabs cutlery handle

HYGIENIC & SANITARY

Utensils stay completely sealed in bag prior to loading

RELIABLE

Unit does not jam or clog

COMPACT & CONVENIENT

Takes up minimal counter space & holds three easy-load, 100-count packages

*Kit includes dispenser with fork, knife and spoon cartridges plus 1 bag of wood cutlery per utensil with loading instructions.

Sustainable Wood Cutlery, Superior Performance

Strong, durable & smooth, our natural birch wood cutlery easily cuts through any food. The proprietary cutlery design fits perfectly in our dispenser to eliminate jams.

- CMA-compostable & FDA approved
- No additives, coatings, waxes, fillers or chemicals used
- Full size cutlery with extra-long handles
