- 4.3-inch full-color touch display for quick settings changes
- Tool-less printhead and platen roller replacement
- RFID available on both 4-inch and 6-inch widths
- RFID On-Metal solution available for ZT411 (203 and 300 dpi only)

Portfolio Differentiators

- Moderate- to high-duty cycle with a wide variety of features
- Ideal for industrial environments
- Print DNA software suite gets your printer up and running quickly and securely

ZT510

Essential features for heavy-duty printing

An ideal balance between performance and value with essential features for heavy-duty printing.

Features

- All metal construction supports continuous performance without throughput delays
- Icon-based, multilingual graphical LCD user interface is intuitive to operate

Portfolio Differentiators

- Limited feature set
- High-duty cycle for mission-critical operations in the toughest environments
- Print DNA software suite gets your printer up and running quickly and securely

ZT600 Series

Intelligence and industrial brawn

Industrial strength and full featured for every challenge.

Features

- All metal construction supports continuous heavy-duty performance with high throughput
- Intuitive full-color, 4.3-inch color touch display or icon-based, multilingual graphical LCD user interface

For labels with a width between 6 in. and 8 in., Zebra offers the 220Xi4.

Portfolio Differentiators

- Wide variety of features
- High-duty cycle for mission-critical operations in the toughest environments
- RFID available on both 4-inch and 6-inch widths
- Print DNA software suite gets your printer up and running quickly and securely

ZE500

Mission critical doesn't compromise

OEM print engine for print-and-apply labeling applications.

Features

- Intuitive full-color, 4.3-inch color touch display that can be rotated
- High print speeds to keep up with fast paced operating lines
- Industrial all-metal construction
- Designed to be integrated into a print-and-apply solution

Portfolio Differentiators

- RFID available on 4-inch and 6-inch print width models
- High-duty cycle in the toughest environments
- Print DNA software suite gets your printer up and running quickly and securely
