Version:5.0 Preparation date:2021.1.4 Revision date:N/A

Nickel Metal Hydride Battery

Section 1 - Chemical Product and Company Identification

Chemical product identification

Product Name: Nickel Metal Hydride Battery

Recommended Uses: Used as DC Power of Personal care, Vacuum cleaner, Lighting, Electrical

tool, Digital products and so on.

Restrictions on use: N/A

Company identification

Company: Shenzhen Highpower Technology Co., Ltd.

Address: 68 Xinxia Road, Pinghu Town, Shenzhen, Guangdong, China

Post code: 518111

E-mail: Marketing@highpowertech.com

Telephone: 86-755-89686068 Fax: 86-755-89686796

Emergency telephone: 86-755-89687254

Section. 2 - Hazards Identification

Emergency overview: N/A
Classification according to GHS

Not a dangerous substance according to GHS.

Label elements

Hazard pictogram(s):

Not available

Environmental hazards: No relevant information.

Important symptoms: See Section 11 for more information.

Emergency overview: In case of accident or if you feel unwell, seek medical advice immediately.

See Section 4 for more information.

Version:5.0 Preparation date:2021.1.4 Revision date:N/A

Section 3 - Composition, Information on Ingredients

Chemical characterization: Mixture

Emergency overview: N/A

Chemical name	CAS No.	Formula	Composition(in %by weight)
Nickel-dihydroxide	12054-48-7	Ni(OH)i	15 - 22
Iron	7439-89-6	Fe	16- 20
Nickel	7440-02-0	Ni	30-40
Manganese	7439-96-5	Mn	0.3- 1.5
Lanthanum	7439-91-0	La	1.7 - 4.5
Cobalt	7440-48-4	Co	1.5-2.5
Potassium-hydroxide	1310-58-3	КОН	1-2
Polyethylene	9002-88-4	PE	0-0.6
Cerium	7440-45-1	Ce	0.29 - 0.9
Neodymium	7440-00-8	Nd	0-1
Aluminium (metal)	7429-90-5	Al	0-1
Sodium-hydroxide	1310-73-2	NaOH	1-2
Lithium-hydroxide	1310-65-2	LiOH	0.1- 0.5
Poly tetrafluoroethylene	9002-84-0	PTFE	0-0.1
Cellulose, carboxymethyl			
ether,sodium salt	9004-32-4	CMC	0-0.1

Section 4 - First Aid Measures

Description of first aid measures

General information: No special measures required.

If eye contact

Flush eyes with plenty of water for several minutes while holding eyelids open. Get medical attention if irritation persists.

If inhalation

Remove victim to fresh area. Administer artificial respiration if breathing is difficult. Seek medical attention.

If skin contact

Remove contaminated clothing and shoes. Wash with water and soap and rinse thoroughly. Wash

Version:5.0 Preparation date:2021.1.4 Revision date: N/A

clothing and shoes before reuse. If irritation occurs, get medical attention.

If swallowing

Do not induce vomiting. Get medical attention.

Notes to the doctor:

No further relevant information available.

Personal protective equipment for first-aid responders:

No further relevant information available.

Indication of immediate medical attention and special treatment needed.

No further relevant information available.

Section 5 - Fire Fighting Measures

Flammabiiity:

Notavailable.

Extinguishing agent:

Suitable extinguishing agent:

Use extinguishing agent suitable for local conditions and the surrounding dry powder, CO2.

Unsuitable extinguishing agent:

No further relevant information available.

Special fire-fighting methods:

No further relevant information available.

Specific Hazards arising from the chemical:

Special hazards arising from the substance or mixture.

Battery may burst and release hazardous decomposition products when exposed to a fire situation. When damaged or abused(e.g. mechanical damage or electrical overcharging); may burn rapidly with flare-burning effect; may ignite other batteries in clothes proximity.

Fire-fighting measures and protection for fire-fighters:

Protective equipment: wear self-contained respirator. Wear fully protective impervious suit.

Section 6 - Accidental Release Measures

Personal precautions:

Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation.

Protective equipment:

No further relevant information available.

Emergency procedures:

Remove ignition sources, evacuate area. Sweep up using a method that does not generate dust.

Collect as much of the spilled material as possible, placed the spilled material into a suitable

Version:5.0 Preparation date:2021.1.4 Revision date: N/A

disposal container. Keep spilled material out of sewers. Ditches and bodies of water.

Environmental precautions:

Do not allow material to be released to the environment without proper governmental permits.

Methods and materials for containment and cleaning up:

All waste must refer to the United Nations, the national and local regulations for disposal.

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

Section 7 - Handling and Storage

Precautions for safe handling:

Wash hands with soap and water before eating, drinking.

Ground containers when transferring liquid to prevent static accumulation and discharge.

Information about fire and explosion protection

Batteries may explode or cause burns, if disassembled, crushed or exposed to fire or high

temperatures. Do not short or install with incorrect polarity appower temperatures.

Conditions for safe storage, including any incompatibilities

Requirements to be met by storerooms and receptacles.

Store in a cool, dry, well-ventilated place. Keep away from the Sparks, Open Tames, for surfaces,

avoidin-g the sunlight.

Further information about storage conditions

No further relevantinformation available.

Specific and use

No further relevant information available.

Engineering control method:

The usual precautionary measures for handling chemicals should be followed.

Keep away from foodstuffs, beverages and feed.

Remove all soiled and contaminated clothing immediately.

Wash hands before breaks and at the end of work.

Personal Protective Equipment

Respiratory protection: Wear suitable protective mask in order

A large number of leakage, wear chemical protective clothing, in waiting self-contained breathing

apparatus.

Eyes Protection: Wear safety goggles or eye protection combined with respiratory protection.

Skin and Body Protection: Wear working clothing and apron.

Hand Protection: Wear appropriate protective gloves to reduce skin contact.

Ingestion: No further relevant information available.

Section 12 - Ecological Information

Ecological Toxicity: No further relevant information available.

Persistence and degradability: No further relevant information available.

Bio-accumulative Potential: No further relevant information available.

Mobility in Soil: No further relevant information available.

Other adverse effects: No further relevant information available.

Version:5.0 Preparation date:2021.1.4 Revision date: N/A

Section 13 - Disposal Considerations

Disposal methods:

Recom me ndation:

Consult state, local or national regulations to ensure properdisposal.

Uncleaned packaging

Recommendation: Disposal must be made according to official regulations. Avoid polluting environment during the disposal process.

Section 14 - Transport Information

UN Number:

IATA, IMDG: 3496

UN Proper shipping name

IATA, IMDG: BATTERIES, NICKEL-METAL HYDRIDE

Transport hazardclass(es)

IATA, IMDG:

Packing group

IATA, IMDG: N/A

Packaging Sign

IATA, IMDG: N/A

Environmental hazards

Marine pollutant: No

Specialprecautions for user Not applicable

Transport information: Ni-MH Battery is exempt from dangerous goods. It is considered non-dangerous goods by the International Civil Aviation Organization (ICAO), the International Air Transport Association 2021 IATA DGR 62th Edition, IATA Special Provisions A199, International Martine Dangerous Goods Regulations (IMDG) (2017 Edition)

S.P.A199 The UN number UN 3496 is only applicable in sea transport. Nickel-metal hydride batteries or nickel-metal hydride battery-powered devices, equipment or vehicles having the potential of a dangerous evolution of heat are not subject to these Regulation and the prepared for transport so as to prevent:

(a) a short-circuit (e.g. in the case of batteries, by the effective installing of in the case of equipment, by disconnection of the battery and preterior and

(b) unintentional activation.

The words "Not Restricted" and the Special Provision number must be included in the description of the substance on the Air Waybill as required by 8.2.6, when an Air Waybill is issued.

Version:5.0 Preparation date:2021.1.4 Revision date: N/A

Separate batteries when shipping to prevent short-circuiting. They should be packed in strong packaging for support during transport.

Note: Products weighing less than 100kg in the Container (By sea).

Transport Fashion: By air, by sea.
