Flav-R 2-Go® Pizza Locker System - Built-In

Models: F2GBP-12-C, -21-C, -22-C, -14-C

The Hatco Flav-R 2-Go® Pizza Locker System - Built-In, designed specifically for your pick-up and third-party delivery needs, is capable of holding multiple orders of hot pizza with quick and secure access. By reducing congestion and allowing employees to focus on other functions, customers or delivery people can arrive, access their specific locker, and leave without waiting in line or disturbing the flow of other business.

Standard features

- Floor mount and countertop models also available, see alternate spec sheets
- A great solution to handling pick-up, third-party delivery and to-go orders in a non-contact manner
- Each unit has a large 10" (254 mm) touchscreen on the operator side and on the customer side. The operator puts in the name and code. The customer receives the code, enters it on the touchscreen, and the appropriate door unlocks and opens
- F2GBP-12-C and -14-C have customer facing controls on the left side of the unit. Operator controls will be on the right-hand side. Reverse control locations are available as an option
- F2GBP-21-C and -22-C have customer facing controls in the center of the unit. Operator controls will be the same
- Individual lockers can have the heat turned off for ambient storage
- Each locker will hold prepared and packaged food for up to 45 minutes. Operator is notified when the hold time expires
- Lockers come preset to 149°F (65°C) but can be adjusted to 180°F (82°C) or even turned off if desired
- Available in *Designer* colors
- Comes ready to mount with wall bracket (mounting hardware not included)
- As a pass-through unit, customer side stays locked. When the access code is used, the door unlocks and opens for 30 seconds
- F2GBP models are designed to be mounted through a wall with built-in brackets so it can be safely secured
