

HEPA 700 Filters

Designed specifically for the HEPA 700, these pre-filters and HEPA primary filter ensure the highest air filtration efficiency. With its standard 2-inch pre-filter and primary HEPA filter media, the HEPA 700 removes dust, mold and other particulates and passes the stringent DOP air filtration tests often required. The optional activated carbon filter with a 1-inch pre-filter and HEPA filter will remove odors, fumes and smoke - especially helpful in wildfire-prone areas.

Features

- Use Legend Brands HEPA 700 filters only for maximum filtration effectiveness.
- HEPA 700 Command Hub displays the percent of life remaining on primary filter to help anticipate when it will require changing.
- Filters are designed to be replaced after use to prevent cross-contamination. (Do not clean and reuse.)
- Fast and easy filter changes - no tools required! (See Quick Start Guide in Documents tab for filter change instructions.)

Specifications

- **Primary Filter Media:** Synthetic media with 99.97% filtration efficiency down to .3 microns
- **Pre-Filter Media:** MERV 8 Pleated Paper
- **Activated Carbon Filter Media:** Contains 2.5 lbs. of activated carbon for odor adsorption

Sizes ▪ Options

- 125028: Primary HEPA Filter (8-pk)
- 125026: 2-in. MERV 8 Pre-Filter (6-pk)
- 125029: 1-in. MERV 8 Pre-Filter (12-pk)
- 125027: 1-in. Activated Carbon Filter (4-pk)
