Key Features

- High quality and modern style complements other Elvari™ products
- Battery & Plug-in Options
- Concealed BradLock™ magnetic locking system
- Red, low-level indicator
- Non-proprietary liquid soap/gel sanitizer or foam soap

Operation

Sensor-activated mechanism dispenses measured amount of vegetable or coconut oil soaps, synthetic detergents, gel sanitizers, or foam soap. Red, low-level indicator provides notice that refill is needed. BradLock system and magnetic key provide security, a seamless design, and easy access for service. Magnetic lock location is hidden from view behind the Bradley logo. Power supply options are 4 AA batteries (not included) or 6 Volt AC plug-in adapter.

Capacity

40 oz. (1183 mL) liquid soap/gel sanitizer or bulk foam soap

Guide Specification

Sensor-activated, surface-mounted soap dispenser shall be fabricated of 20-gauge, 300 series stainless steel in a brushed #3 satin finish or optional electrocoat finishes. Dispenser shall have completely concealed mounting and low-level indicator. Capacity is 40-oz liquid soap/gel sanitizer or bulk foam soap. 6 volts, select AC or DC powered. Mounting hardware is not included.

Overall Dimensions:
18-1/16" H x 6-7/8" W x 3-15/16" D (273mm x 279mm x 102mm)

MasterFormat Title: Commercial Toilet Accessories
MasterFormat Number: 10 28 13.13

OmniClass Title: Toilet and Bath Specialties
OmniClass Code: 23.31.25.00

☑ *Bradley liquid soap valves operate best with vegetable oil or coconut oil hand soap having a 10–15% soap concentration.*

☑ *Bradley foam soap valves work with majority of bulk foam soap.*

Optional Electrocoat Finishes

Bradley offers an exclusive, proprietary electrocoat color process on the Elvari soap dispenser models. Unlike powder coating, color is applied to the entire stainless steel part using a submersion process with electrically charged particles. This process results in a precise film thickness across all surfaces, allowing the grain of the stainless steel to show through.

Electrocoat provides complete coverage to the part and has environmental advantages such as no or low-VOC and HAPs (Hazardous Air Pollutants), heavy metal-free products, and minimum waste discharge. Bradley's electrocoat is durable and easy to clean as well as fingerprint, stain and corrosion resistant. A UV light stabilizer additive enhances resistance to weathering and color fade.

Products are performance tested for adhesion following ASTM D3359-22 and impact resistance following ASTM D2794.
