3M™ Doodlebug™ Brown Scrub 'n Strip Pad 8541

Description

This product is a floor scrubbing pad made of polyester and nylon fibers in an open-web construction. Abrasive particles are dispersed throughout and bonded to the non-woven construction with a durable resin system that permeates the entire pad. The pads are nominally one inch thick and sized to fit standard swivel pad holder.

Applications

This product is used with detergent solutions to scrub hard surface floors and remove floor finish and wax from hard floor surfaces and baseboards. The pads are designed for use with the swivel pad holder system to reach floor areas not accessible to standard floor machines.

This product fits 3M™ Doodlebug™ Pad Holder 6472 or 3M™ Doodlebug™ Handblock Pad Holder 6473

Features and Benefits

Uniform coating throughout every 3M™ Doodlebug™ pad reduces the number of knots and clumps, which eliminates scratching of floors while providing greater consistency and extended pad life.
