Standard attenuation, slim design

3M™ Peltor™ Earmuff X1

Enter the world of the new 3M Peltor Earmuffs X Series with the X1.

- » Slim-line cups make these earmuffs lightweight and comfortable for extended wear.
- » Moderate attenuation ideal for low-to-moderate noise exposure.
- » New ear cushion foam technology for an effective acoustic seal and reliable protection.

Plus all other features around protection, comfort and design making it highly versatile.

Bo Hammar about 3M PELTOR X Series

"The new product, 3M Peltor X Earmuff, is nice and soft to wear."

Bo Hammar, Steel & Silver AB
Responsible for health/safety/environment

"I remain in a constant but moderate noise environment in my work place. I know just a few brands of hearing protectors on the market, but I have only ever used 3M Peltor Optime™ Earmuff. I prefer to continue using hearing protectors from 3M Peltor. The new products, 3M Peltor X Earmuffs, are nice and soft to wear. I really like the design and the color. It's an added bonus that they can be used together with my glasses. I like all the X Series models."
