Self-Locking Carabiners  
with 360 Rotation

## GIVE YOURSELF SOME SLACK

Whether complying with safety guidelines or just trying to prevent needlessly chasing tools, the Ratch-It System helps you work smarter. The locking mechanism works in 5" intervals, creating much appreciated slack for small tools, phones and electronics. Work safe with less nuisance, use the Ratch-It Tool Tether.

*Available with Phone Trap  
and Tape Measure Trap*
