

This Campbell Hausfeld, 2-stage stationary electric air compressor (XC802100) features a durable cast iron, oil lubricated pump. This efficient, higher pressure pump, 175 PSI max pressure allows you to

utilize more tools and increased flow rate. This compressor does not include a power cord. It should be connected to a dedicated power supply that is 240-Volt. Ideal for garage and workshop applications with a space-saving footprint. This product will provide up to 10,000 hours of pump life\*. Durable and powerful, this compressor will help with all of your garage and workshop needs. Built in the U.S.A.

## Heavy Duty, 2 Stage, Cast Iron Pump

Oil-lubricated, Two Stage Pump to increase longevity & reduce noise

## Designed with you in mind

The XC802100 is designed to tackle a wide variety of jobs, from sanding, painting a car to repairing an engine.

- **Powerful**  
230-volt, 5-Running HP, heavy-duty induction motor creates maximum pressure to operate a wider range of tools and maintain longer run times.
- **80 Gallon Tank**  
Vertical ASME tank design maximizes your floor space and provides ample compressed air storage
- **Versatility**  
This Campbell Hausfeld Air compressor is ideal for rotating tires, repairing engines, grinding, sanding, painting, nailing and more. The extra storage capacity of an 80 gallon tank for extended run times.

### Specifications

Model	XC802100
Tank Size	80 Gallon
MAX PSI	175
Horsepower	5 HP
Phase	1
Amperage	22 A
Pump	2 Stage, Oil Lubricated
Oil Capacity	54 oz.
Voltage	230V
SCFM @ 90 PSI	11.9 SCFM
@ 175 PSI	11.3 SCFM
Unit Weight	386 lbs (Unpacked)
Unit Size	26.5 in X 29.5 in X 66 in
Carton Size	31 in X 36.5 in X 77.5 in
UPC	045564643140
