

# SELF-PROPELLED SCRUBBER 20 Walk-Behind

Item# PS530-W22-UC

14.5 Gal Solution and  
15.9 Gal Recovery

20" Brush and 32"  
Squeegee

Theoretical  
20,000 Sq Ft/Hr

180 RPM

**67**

dBA meets  
LEEDS standards

# Powr-Flite®

## DURABLE SCRUBBER WITH FINGERTIP CONTROLS.

### READY TO WORK

Ramp included for easier unloading. Machine comes installed with an orange scrub brush. Pad driver and red pad are also included.

### EASY TO USE & MAINTAIN

Engineered with the user in mind, one person can unbox and set up with very little effort. Tool kit included for simplified maintenance.

### PREMIUM RECOVERY

Strong vacuum paired with parabolic squeegee system keeps solution contained within the cleaning path and instantly recovered in the 15.9-gallon tank.

SN218M	18" Soft Nylon Scrub Brush
MG218M	18" Medium Nylon Scrub Brush
HP218M	18" Hard Poly Scrub Brush
MG218M	18" Medium Grit Scrub Brush
SN4	Defoamer - Suppressor, 1 gallon

### PROFESSIONAL CHOICE

Ergonomic design provides easy maneuverability. Built with 20" guarded brush deck and thin frame to fit through a standard doorframe.

### MINIMAL TRAINING NEEDED

Easy to read control panel with keys included to start. Major user touchpoints, such as cap lids, are orange to quickly identify maintenance and action points.

### CONVENIENT FILL OPTIONS

Easily fill solution tank with universal sink hose and front bucket-fill options.

### FASTER DRAINING

When the job is over, drain dirty water with drain hose and any remaining cleaning solution using the 2" wide drain opening at the base of the machine.

### SELF-PROPELLED CONVENIENCE

Traction-drive capabilities allow forward and reverse movement. Infinite speed control dial and large, textured wheels for easier movement with little user effort.

### EASY ACCESS, ADDED STORAGE

Quick access to batteries and other internal components for routine maintenance. Utilize space between tanks to store charger and included tool kit.
