

# BREW-THRU MINI CARAFE

Introducing the Brew-Thru Mini Carafe – the ultimate solution for smaller brew batches in the commercial sector. Tailored for compatibility with single-serve coffee brewers, this mini carafe holds two 12oz cups of coffee and keeps it hot for 4-6 hours.

Designed with the demands of the commercial service industry in mind, the Brew-Thru Mini features stainless vacuum insulation and a durable stainless steel exterior. This ensures not only longevity but also the resilience needed to withstand the challenges of high-volume service.

Brew-thru lid allows for seamless pouring and refilling, ensuring a smooth and efficient coffee service experience in fast-paced commercial settings.

**0.7 Liter (23.7 oz.)**

**7.5" X 4.5" X 6.5"**
