

Details For Model: IBC-TLT-FPL

Steel Intermediate Bulk Container Tilt Stand with Fork Pockets and Adjustable Legs 48-1/2 In. x 49-1/2 In. 4400 Lb. Capacity Blue

An intermediate bulk container tilt station is designed of a sturdy steel construction which, provides a secure tilting of containers for complete draining. Fork pockets are included for simple raising and lowering, as well as, easy access to valve connections. To use simply place the container on the station. When the container is in the secure position, start the draining process. As the fluid flows from the container, the rear of the station will rise up creating an angle for a better release of fluids.

- Rising design as weight diminishes
- Powder coated for baked in added toughness
- Strong construction for daily use
- Sleek smooth finish

Dimensions: 48"W x 48.5"L x 47.25"H	Sell UOM: EA-Each	Color: Blue
