

Details For Model: TM-20-DC

Steel Tilt Master DC Powered 12 Volt 2,000 Lb. Capacity Blue

The tilt master lifts and positions filled tote boxes or baskets without the need of a fork truck or lift table using the newly designed heavy-duty tilt master. The tilter will function as transporters by moving completed products from work station to work station without waiting for a fork truck. This lift has a thin profile to allow the user to get as close to the load as possible, a standard floor lock and rolls easily on the phenolic steering wheels. It is designed to be used with open bottom pallets or skids. The unit is powered by an electric DC motor that includes, standard, an on-board battery charger, battery charge indicator and push-button hand control on a coil cord.

- Folding ergonomic handle
- Two rigid and two swivel casters provide smooth and efficient mobility
- 90 Degrees tilt angle allows for better ergonomic access
- Ergonomic push handle folds down when not needed for better access

Dimensions: 41.0625"W x 75.5625"L x 28.3125"H	Sell UOM: EA-Each	Color: Blue
