Tornado's upright vacuums have always been the choice of commercial cleaners due to their quality, dependability and features. Now our new CVD upright vacuums have even more features to help you clean even better! These are the same vacuums that you've always known, but our redesigns have further improved the cleaning experience. With just the push of a button, flip of a latch, and tug of a cord, you will master all of the functions of these vacuums! For all day cleaning, you need a user-friendly vacuum that won't quit on you.

CRI Gold Certification

.

•

•

- HEPA Certified Vacuums
- On-board Tools Standard
- Built to last with rugged design and construction

3-STAGE FILTRATION The filtration system includes a disposable filter bag, an intake filter, and a HEPA filter cartridge.

FILTER INSTALLATION IS A BREEZE Removal-system allows a nearly dust free filter bag change and opens with an easy to operate pivoted lever.

CHANGEABLE ROLLER BRUSH Requires no tools and allows hairs, threads, etc. to be removed quickly and easily.

EASY TO CLEAN The vacuum hose and throat can be easily accessed to clean out debris that is trapped inside.

LOW PROFILE With a handle that lowers flat to the ground, the CV Dual vacuums reach areas under furniture comfortably.
