

Next Generation Dairy Dispensing

Improved Accuracy and Calibration with One-Step Refills

The **IntelliShot 2.0** portion-control dairy dispenser was developed to assist QSR's in achieving their coffee-related goals by improving operational performance and efficiency. We understand that you're striving to improve the overall guest experience. By improving beverage quality and consistency, this will ultimately strengthen your brand.

SureShot's next generation dairy dispenser delivers exceptional value with many qualities and features that are important to both users and franchisees. The dispenser offers automatic level sensing technology, improved accuracy, quick and easy calibration, and an intuitive user interface. You'll also get to enjoy the reliability and long product life you've come to expect from a SureShot dispenser.

The IntelliShot 2.0 offers the following product enhancements:

Feature	Benefit
Improved Dispensing Precision	Consistent & reliable accuracy means customers always get exactly what they order, while helping control food costs.
Quick & Easy Calibration	No training required. Takes less than 3 min (all three products).
New Automatic Level-Sensing Technology	One-step tank refills save time and promote consistent accuracy.
Frost-Free Refrigeration	Consistent temperature with no ice build up saves time and minimizes potential waste.
Intuitive Icon-Based User Interface	User-friendly button panel and intuitive software for easy navigation.
Color Coded Notification Symbol	Immediate alerts for temperature changes, low product levels, or an open door.
Modern Look and Durable Construction	Professional, clean design makes it fun to use. Enhanced durability reduces the need for parts replacements.
Clean Pour	Reduces splashing and drips during use.
Easy-to-Clean Valve	Reduces cleaning time (only 20 seconds).
Easy-to-Fill	Flip lid on top of dispenser facilitates quick and easy tank refills.
Easy-to-Remove Door Gasket	Tool-free removal for quick and effortless cleaning.
Easy program updates	Software updates and menu changes via USB are a breeze.
