Notes & Details

Add some style to your buffet line with this Acopa Voyage 8 qt. full size stainless steel induction chafer with glass top and soft-close lid. Made of durable, stainless steel with an attractive mirror-polished finish, this chafer is sure to elevate your establishment's overall presentation. Not only does its elegant dome cover help keep food warm and covered to prevent contamination, it also features a clear glass window that allows guests to see what's inside without lifting the lid! The lid is also hinged so it won't become misplaced, while the soft-close feature prevents guests from slamming the lid down and causing scratches.

This chafer keeps sides, vegetables, pastas, and entrees at perfect serving temperatures. Compatible with induction heating elements, its induction bottom creates an excellent heating surface and eliminates the hassle of using chafer fuel. Induction chafers also provide best-in-class heat distribution with no hot or cold spots, and they allow you to maintain a constant temperature for longer periods of time than other, traditional chafers. Plus, because there is no open flame, this chafer eliminates the hazard of burns and fire for a safer working environment.

With its full size, this Acopa Voyage induction chafer is the perfect addition to hotels, restaurants, and catered events! For maximum versatility, it can even be paired with a stand for use with chafer fuel.
