Notes & Details

Serve warm and delicious food with this Acopa wrought iron pillar chafer with stainless steel cover and handle. This chafer has a durable iron construction that is dependable and built to last. It also has two sturdy side handles for easy transportation.

By purchasing this chafer, you have the benefit of getting everything you need in one simple set. Two fuel holders underneath the pan make for even heat distribution- ensuring your guests are always receiving warm food. This chafer has a 4" deep water pan to prevent your food from drying out and getting burnt on the bottom of the food pan. The food pan is 2" deep, which gives you plenty of room for filling it with your most delicious offerings.

The stainless steel chafer cover keeps things sanitary by minimizing food exposure, traps in heat when food is not being served, and it also enhances the appearance of this chafer. With an ample capacity, this chafer is ideal for serving a variety of appetizers, entrees, or side dishes and it's just what you need for your hotel, restaurant or catering operation.

Chafer Includes:

- (1) Iron chafer stand
- (1) Stainless steel cover
- (1) 2" deep food pan
- (1) 4" deep water pan
