## DETAILS

This display is finished in a stylish Matte Black powder coating. The Aspect 48" Floor Merchandiser Kit 2 is a traditional floor display merchandiser that includes the ability to display both hanging apparel and inventory that needs to be shown on shelving. Your hanging inventory has roughly 24" of hanging length. The eight metal shelves are ideal to showcase matching accessories or any hard goods.

The Matte Black Aspect floor merchandiser comes with wooden inserts in the base. The wood has black melamine on one side and a gorgeous black woodgrain on the other, giving you the option to create a different look when setting up your displays.

This kit includes the 48" floor merchandiser, one frosted center panel and eight metal shelves. The center panel has vertical slots allowing for the shelves to adjust in height. The shelves have welded brackets and measure 21 $\frac{3}{4}$ " wide x 14" deep x  $\frac{3}{4}$ " thick. The overall dimensions of the floor merchandiser are 48 in. W x 24 in. L x 62 in. H. Includes levelers.
