Usage	Standard Duty

Notes & Details

The Avantco MX20 20 qt. gear-driven commercial planetary mixer is perfect for standard duty mixing tasks at your deli or cafe. This Avantco MX20 20 qt. mixer features a powerful three-speed 1.5 hp motor with a direct-drive, gear-driven transmission to ensure consistent mixing speeds even when its bowl is full. It comes fully equipped with a type 304 stainless steel mixing bowl and wire whisk that will last longer than those provided with some other models. Plus, a cast aluminum dough hook and flat beater come with this mixer, too, so you can craft and create all of your guests' favorite dishes. It also has a #12 hub intended for meat grinder attachments. For added safety, this mixer will not operate when the bowl guard is opened or when the bowl is lowered. This planetary mixer requires a 120V electrical connection.
