Width	17 Inches
Depth	12 Inches
Height	10 Inches
Power Cord Length	55 1/8 Inches
Cooking Surface Width	13 Inches
Cooking Surface Depth	8 3/4 Inches
Height (Open)	19 1/2 Inches
Amps	18 Amps
Hertz	60 Hz
Phase	1 Phase

Certifications

CE Marking 5-15P ETL US ETL Sanitation

Technical Data

Voltage	120 Volts
Wattage	1750 Watts
Control Type	Dial
Features	Drip Tray
Maximum Temperature	525 Degrees F
Plate Configuration	Grooved Top & Bottom
Plate Material	Cast Iron
Plug Type	NEMA 5-15P
Power Type	Electric
Size	Single
Usage	Medium Duty

Notes & Details

Create your most popular sandwiches, quesadillas, hamburgers, and more with the Avantco P78 grooved commercial panini sandwich grill! This sandwich grill features 1750 watts of heating power for fast and thorough cooking, and its grooved grill plates provide tantalizing grill marks for an excellent presentation. In addition, specialized hinges allow the top plate to lay flat against the food rather than at an angle, ensuring complete contact and uniform cooking.

To ensure consistency, the thermostatic controls allow you to adjust the temperature of the grill to accommodate the appropriate cooking temperatures for different foods. The temperature is easily adjustable between 120 and 570 degrees Fahrenheit to cook or warm a wide variety of foods, while the stainless steel exterior and cast iron plates ensure long-lasting durability and strength. And thanks to the included drip tray, cleaning up is a breeze after every use.
