Horsepower	1/4 hp
Installation Type	Countertop
Operation	Manual
Plug Type	NEMA 5-15P
Power Type	Electric
Slicer Usage	Mid Tier
Slices Cheese	Cannot Slice Cheese
Type	Meat Slicers

Notes & Details

The Avantco SL309 9" manual gravity feed slicer features a compact design that's ideal for small operations where space is at a premium! It's great for slicing vegetables and processed meat, making it a good fit for small delis, coffee shops, sub shops, and small restaurants.

This 9" slicer is constructed of top quality aluminum for durability and ease of cleaning, and features a built-in sharpening assembly. The slicer's blade is constructed of stainless steel and is belt-driven by a 1/4 hp motor. It has a fixed ring guard for safety, and the meat carriage is removable for easy cleanup. The cut thickness is easily adjustable from 1/16" to 1/2".

This 9" Avantco slicer is rated for 2 hours of use daily, and it is excellent for low-volume applications of less than 1 hour of slicing per day. It is not suitable for continuous, heavy use, or for slicing cheese and raw / frozen meat.
