Notes & Details

Keep your french fries, empanadas, onion rings, or fried chicken fresh and ready to serve with the Avantco W62-BLK free standing two bulb heat lamp / food warmer! This free standing food heat lamp is quite versatile thanks to its adjustable height arm, so you can control the intensity of the heat reaching your food and prevent over-drying. The Avantco free standing two bulb food warmer lamp is made of heavy-duty painted aluminum to withstand the daily demands of your busy fast food restaurant, concession stand, or snack bar.

Two clear 250W infrared bulbs are included, plus this unit comes with two red coated 250W bulbs, too. The shatter-resistant red bulbs are rated to last for up to 6,000 hours and provide a warm light to show off your food and help your dishes sell themselves to hungry passers by. With this bulb warmer, you have the option to utilize either clear bulbs or red bulbs depending on your application and lighting preference.

This Avantco food warmer requires a 120V electrical connection and has a total output of 500W.
