Avantco Ice 19498077 Condensation Sensor for Ice Machines

Item #19498077

Technical Data

Type	Probes and Sensors
------	--------------------

Features

- Detects when ice bin is full
- Replaces the original sensor

Notes & Details

This Avantco Ice Machines 19498077 condensation sensor serves as a direct replacement for the one that comes with Avantco ice machines. It is designed to detect the condensation level of the ice machine. If this part is no longer working effectively, be sure to swap it out with an operational one.
