

Item #: 194KMCH430HA Project: _____

Qty: _____ Date: _____ Approval: _____

Avantco Ice KMC-H-430-HA 30" Air Cooled Modular Half Cube Ice Machine with Dispenser - 400 lb.

Item #194KMCH430HA

Technical Data

Width	30 Inches
Depth	24 3/8 Inches
Height	22 3/8 Inches
Ice Dispenser Width	30 Inches
Ice Dispenser Depth	33 1/2 Inches
Ice Dispenser Height	53 1/4 Inches
Phase	1 Phase
Voltage	115 Volts
24 Hour Ice Yield	400 Pounds
Bin Storage Capacity	180 lb.

Features

- Makes up to 400 lb. of half cube ice per day
- Durable 304 stainless steel exteriors with polyethylene interiors
- Digital controller allows user to quickly identify issues
- Removable air filter allows for quick cleaning
- Kit includes ice machine and ice dispenser (only ice machine holds the ETL certification)

Certifications

ETL Sanitation

ETL, US & Canada

3/4" Water Connection

5-15P

Technical Data

Color	Silver
Condenser Type	Air Cooled
Dispenser Style	Push Button
Exterior Material	Roto Plastic Finish
Ice Type	Half Size Cubes
Installation Type	Freestanding
Interior Material	Polyethylene
Material	Stainless Steel
Plug Type	NEMA 5-15P
Refrigerant Type	R-290
Type	Ice Machines / Dispensers
Water Inlet Size	3/4 Inches

Plan View

INSTALLATION NOTE: ALLOW 6" SPACE AT LEFT, BACK, AND RIGHT SIDES FOR VENTILATION AND UTILITY CONNECTIONS

Notes & Details

Make sure you've always got plenty of fresh ice on hand with the Avantco Ice KMC-H-430-HA 30" air cooled modular half cube ice machine with dispenser! Capable of producing up to 400 lb. of half cube ice per day, you'll always have plenty of ice to serve on demand at your hotel, bar, or cafe. An included ice dispenser holds up to 180 lb. of ice and features a deep sink to accommodate hotel ice buckets of almost any size.

For ease of maintenance, a built-in diagnostic system will identify problems that your ice machine may be having and will display the issue on the digital controller so it can be repaired accordingly. This easy-to-use controller can also be used to monitor the current stage of ice production that your machine is in. It allows you to adjust the bridge thickness up or down to maximize your harvest into individual cubes of ice, rather than full sheets. It also initiates the cleaning cycle and displays what stage of the cycle you're in.

Constructed of durable type 304 stainless steel with a polyethylene interior, this unit is corrosion-resistant and built to last in the busiest commercial environments. A nickel plated evaporator and removable air filter make for quick and simple cleaning and maintenance. With (4) 6" adjustable legs, you can level your machine on uneven surfaces and have plenty of room to clean under it. This ice machine also comes with pre-drilled holes on the back of the unit to mount your OceanLoch+ water filter (sold separately) to the machine to ensure you are serving the cleanest and freshest ice possible. It also uses R290 refrigerant. Designed for side-breathing and rear exhaust, you can avoid hot air being blown outward into your kitchen or service area. This unit requires a 115V electrical connection for operation.

Kit Includes:

- Avantco Ice KMC-H-430-HA 30" air cooled modular half cube ice machine - 400 lb.
- Avantco Ice HBN180-30 30" wide hotel ice dispenser 180 lb. capacity - 120V
