Notes & Details

Improve the functionality and cleanliness of your ice dispensing station with this Avantco Ice 6" black enamel ice bin leg kit. Adding 6" of clearance, this leg kit is specifically designed to make it easier to clean underneath your ice dispenser and streamline routine maintenance. By elevating your equipment, it also helps ensure proper airflow and convenient access during use. This kit includes four durable black enamel legs that provide stable, reliable support. Compatible with the Avantco Ice HBN120-22 22" wide hotel ice dispenser (sold separately), these legs are the perfect addition to optimize your ice dispensing setup.
