Avantco SS-PT-60M-15-HC 60" 2 Door Mega Top Stainless Steel Refrigerated Sandwich Prep Table with Workstation

Item #178SSPTM6015

Technical Data

Width	60 1/4 Inches	
Depth	34 Inches	
Height	42 3/8 Inches	
Power Cord Length	84 Inches	
Cutting Board Width	60 1/4 Inches	
Interior Width	56 1/2 Inches	
Left Door Opening Width	26 1/16 Inches	
Nominal Width	60 Inches	
Right Door Opening Width	26 1/16 Inches	
Shelf Width	27 1/4 Inches	

Features

- Mega top accommodates (15) 1/6 size, 6" deep food pans (sold separately)
- Industry-best 3/4" cutting board is built-in for convenient prep space and removable for cleaning
- Corrosion-resistant stainless steel exterior and interior; foamed-in-place polyurethane insulation
- Easy-to-read digital temperature control with auto defrost
- 115V; R290 refrigerant; 1/4 hp

Certifications

ETL Sanitation

ETL, US & Canada

Technical Data

Cutting Board Depth	8 Inches	
Interior Depth	23 1/2 Inches	
Shelf Depth	17 Inches	
Height with Lid Open	51 5/8 Inches	
Interior Height	19 3/4 Inches	
Work Surface Height	35 1/4 Inches	
Amps	5.4 Amps	
Hertz	60 Hz	
Phase	1 Phase	
Voltage	115 Volts	
Wattage	540 Watts	
1/6 Size Pan Capacity	15 Pans	
Access Type	Doors	
BTU (LBP)	1368 BTU	
Capacity	16.6 cu. ft.	
Capacity (per Shelf)	88 lb.	
Casters	With Casters	
Color	Silver	
Compressor Location	Rear Mounted	
Compressor Style	Side / Rear Breathing	
Construction	Stainless Steel	
Cutting Board Thickness	3/4 Inch	
Door Style	Swing	
Door Type	Solid	
Features	Removable Magnetic Door Gaskets	
Hinge Location	Left Right	
Horsepower	1/4 hp	
Number of Doors	2 Doors	
Number of Shelves	2 Shelves	
Plug Type	NEMA 5-15P	
Refrigerant Capacity	4.6 oz.	
Refrigerant Type	R-290	
Starting Amps	16.2 Amps	
Starting Wattage	1620 Watts	
Style	Counter Height	
Temperature Range	33 - 40 Degrees F	
Top Capacity	353 lb.	
Тор Туре	Mega Top Workstation Refrigerators	
тор турс	vvorkstation Reingerators

Notes & Details

Optimize your back-of-house operations and better keep up with customer demands with this Avantco SS-PT-60-15-HC 60" 2 door mega top stainless steel refrigerated sandwich prep table with workstation! Whether used in a university, sub shop, or hospital, this counter height unit is sure to help streamline the sandwich prep process with its convenient features and capacity. This unit has a workstation, allowing users to place condiments, utensils, and even a cash register on the unit without sacrificing cutting board space!

Its mega top accommodates up to (15) 1/6 size food pans up to 6" deep (sold separately). These are great for holding common sandwich or salad toppings, from eggs and cheese to green pepper or ham. Plus, a lift-up lid encloses the top to maintain proper, food-safe temperatures.

A full-length cutting board, which is 8" deep, is mounted to the table surface, providing a place for slicing ingredients and assembling orders. This industry-best cutting board is 3/4" thick for added durability and reliability. It is built-in to the unit for convenient prep space and can be easily removed for cleaning.

Beneath the workspace is additional storage space. Because it's refrigerated, the space is great for storing back-up ingredients, such as deli meat and cheese, as well as less common toppings. Two epoxy-coated steel shelves are included and can each accommodate up to 88 lb. of weight, helping to organize your assorted supplies. The two solid swing doors allow users to quickly grab supplies without interrupting workflow.

High quality performance is made possible by the unit's 1/4 hp refrigeration system, which maintains temperatures between 33 and 40 degrees Fahrenheit. It does this by circulating R290 refrigerant. This specialized refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3. Plus, the easy-to-read digital temperature control with auto defrost makes adjusting and maintaining specific temperatures easier than ever!

The unit has a corrosion-resistant construction and is designed with commercial use in mind. It features a 430 type stainless steel exterior and a 201 type stainless steel interior, which is fortified with foamed-in-place polyurethane insulation. The insulation also helps to promote proper temperature retention. The 5" casters make moving simple for easy cleaning. For operation, the prep table requires a 115V electrical connection.
