Avantco UDD-1-HC Triple Tap Kegerator Beer Dispenser - Black, (1) 1/2 Keg Capacity

Item #178UDD13

Technical Data

Width	23 1/2 Inches
Depth	30 1/4 Inches
Height	38 3/4 Inches
Power Cord Length	108 Inches
Interior Width	19 1/2 Inches
Interior Depth	18 1/8 Inches
Nominal Depth	Standard
Faucet Height	10 1/4 Inches
Interior Height	28 5/8 Inches
Tap Tower Height	16 Inches

Features

- Durable and attractive black coated steel exterior
- 3 tap tower with 10 1/4" faucet height
- Digital controls for easy-to-read temperature display
- Includes (3) "D" system keg couplers and keg mat
- 115V; 1/4 hp compressor; R290 refrigerant
- Note: only the kegerator holds the ETL certification

Certifications

5-15P

ETL, US

ETL Sanitation

Technical Data

Tap Tower Diameter	3 Inches
Amps	1.9 Amps
Phase	1 Phase
Voltage	115 Volts
Wattage	216 Watts
Casters	With Casters
Compressor Location	Rear Mounted
Door Type	Solid
Exterior Finish	Black
Features	Removable Magnetic Door Gaskets
Horsepower	1/4 hp
Number of Doors	1 Doors
Number of Kegs	1 Keg
Number of Taps	3 Taps
Plug Type	NEMA 5-15P
Refrigerant Type	R-290
Starting Amps	5.8 Amps
Starting Wattage	648 Watts
Style	1/2 Barrel
Top Capacity	176 lb.
Type	Kegeators / Beer Dispensers

Notes & Details

Whether you operate a pub, banquet hall, catering service, or facilitate other special events, this Avantco UDD-1-HC triple tap beer dispenser is an excellent way to offer crisp, refreshing draft beer to your guests without investing in a complex built-in tap system! This unit features a 3 tap tower with a 10 1/4" faucet height that allows you to easily fill pint glasses and pitchers with local microbrews, international macrobrews, and everything in between. It holds (1) 1/2 keg, (2) 1/4 kegs, or (4) 1/6 barrel kegs, and features 1 solid door that will not only self-close to prevent potential energy loss, but also lock to prevent theft during off hours. This unit is equipped with knockout plugs to install external CO2 lines.

Unlike many competitive beer dispensers, this model ships with couplers so that you can tap kegs right out of the box! This commercial kegerator features a black coated steel exterior and a 1 1/2" thick stainless steel top that is both durable and extremely simple to clean, while a built-in drip tray further expedites end-of-day cleaning. It has a 1/4 hp refrigeration system that circulates R290 hydrocarbon refrigerant. R290 refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3, making it an energy-efficient choice for your business. A 115V electrical connection is required for operation.
