Notes & Details

Show off your delectable baked goods with this Avantco BCDI-28 27 1/2" white curved refrigerated drop-in countertop bakery display case. This countertop unit is made to allow you to place your baked goods in a convenient location where they can merchandise themselves to hungry customers. Its curved glass provides increased visibility, while its stainless steel frame ensures durability. With its minimalist look, this unit will go great in your bakery, grocery store, or cafe.

This bakery display case features LED lighting that is designed to show off your chilled baked goods! With a proper display, your bakery items can merchandise themselves and increase impulse sales. The case also has two interior wire shelves, and the case is made with four glass sides to provide an unobstructed view of your food. It also has a rear sliding glass access door to ensure customers can see the case's contents from any angle. Since the door slides open, it won't intrude into walkways making this case perfect for small spaces. Thanks to the refrigeration that's located below the countertop, your customers will always have clear visibility over the case to your tempting desserts! Plus, it can also be used as a standard countertop unit with its feet.

This model uses R-290 refrigerant to keep the interior temperatures at safe levels. This specialized refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3. It requires a 115V electrical connection for operation.
