Type	Countertop Refrigerators

Notes & Details

Easily boost impulse sales at your convenience store or coffee shop with this Avantco CRM-7-HC black countertop display refrigerator! Perfect for showcasing a variety of drinks and hermetically sealed snacks, this unit is a great option for facilities with limited space. Its convenient, countertop design makes it versatile and sure to fit into small spaces where large, floor-sized units can't, and as a result, you'll be able to optimize your merchandising space for greater overall efficiency. In addition, the sleek, black powder-coated steel exterior makes the unit both visually attractive, drawing customers to your inventory, and physically durable, ensuring outstanding longevity. It can even be used in bars to display your finest liquors!

An icy-water graphic will garner the attention of customers while also blocking the sight of the fan. This merchandiser features a 1/4 hp compressor that uses R600a refrigerant. Thanks to the freezer's efficient glass swing door, this unit maintains interior temperatures of 33 to 40 degrees Fahrenheit. Plus, the door is self-closing, which ensures that it's securely shut when not in use. User-friendly electronic controls make operation easy and efficient! Each shelf includes a pricing strip so you can clearly display the price of each respective item.

The unit houses 3 adjustable, epoxy-coated steel shelves designed to efficiently display your products. With bright and long-lasting LED lighting, the refrigerator even illuminates the interior, making items easy to see and find. This unit requires a 115V electrical connection for operation.
