Type	Pocket Thermometers Probe Thermometers Thermometers

Notes & Details

Ensure proper food safety with the help of this AvaTemp 3" waterproof digital pocket probe thermometer. Designed with an easy-to-read LCD digital display with a backlight, this pocket probe thermometer is perfect for kitchen staff in restaurants, bars, bakeries, and catering companies. It reads quickly, in just four seconds, and automatically turns off after 10 minutes to help preserve the battery life when the thermometer is not in use.

This thermometer comes with the required CR2032 battery so you can get it up and running right away. The protective sleeve helps keep your thermometer clean and free of contaminants in between uses. Plus, the included lanyard and magnet make it easy for your staff to keep this thermometer within reach.

Thanks to the waterproof rating, this thermometer can withstand powerful water pressure to protect it from damage during use or during cleanup. This model can even be washed in a commercial low temperature dish machine so you can make sure it's clean and ready to use for the next job.

This thermometer has a range of -58 to 572 degrees Fahrenheit with an accuracy of +/- 2 degrees Fahrenheit. It includes both Celsius and Fahrenheit scales for added convenience. Plus, this model offers min, max, hold, and calibration functions for you to easily keep track of temperatures and make sure the thermometer is reading correctly.

Antimicrobial properties also prevent the growth of bacteria for the best in safety and sanitation. This thermometer has a 3" stainless steel stem with a 1.5 mm tip for a fast response time and easy insertion into delicate foods. Take the guesswork out of food temperatures with this AvaTemp digital pocket probe thermometer!

AvaTemp provides a thermometer to fit virtually every need in your kitchen. Pocket probe thermometers come in both digital and dial readouts and specialty products range from meat probes to refrigerator / freezer thermometers. These and the color-coded HACCP options help keep your business in compliance with safe cooking and holding temperatures. For reliability in the kitchen, AvaTemp delivers easy-to-use and cost effective food safety solutions.
