Notes & Details

Keep track of your kitchen tasks with the help of this AvaTime digital 99 hour 2-channel kitchen timer. This timer can be set to count down to 99 hours, 59 minutes, and 59 seconds to help you perform multiple tasks in your kitchen and keep track of when dishes need to be checked. It features 2 timer channels that can be used independently as stopwatches or countdown timers to keep track of multiple tasks at once. The LCD display is easy to read and the intuitive buttons make the timer easy to set. It also includes convenient back magnets and a bottom stand for easy storage and use anywhere in your kitchen. Place it on metal surfaces or set it on countertops to accommodate any workflow!

This timer is equipped with indicator lights on the side that flash green every 4 seconds while the timer is counting down, then turn red once the timer hits 00:00. There is also an available memory function that allows you to quickly reset the timer back to the previous time used. Once time hits 00:00, the timer starts counting up to allow you to see how much time has elapsed since the timer has stopped. This timer requires (2) AAA batteries for operation (sold separately).
