Roll Diameter	3 1/2 Inches
Color	White
Design	Printed
Features	Made in America Printable
Printer Compatibility	Direct Thermal
Shape	Rectangle

Technical Data		
Type	Label Rolls Permanent Labels	
Usage	Scale Labels	

## Notes & Details

Efficiently label your product offerings with this AvaWeigh 2 5/16" x 1 5/8" white pre-printed permanent direct thermal label. By keeping an extra roll or two on hand, you can ensure that your fast-paced business isn't faced with downtime or lower productivity due to running out of labels for your scale. Great for bakeries, delis, grocery stores, and independent restaurants, this paper roll allows you to continue keeping accurate records for your business! Made of thermal paper, this label roll reacts to a heat source and is pressure sensitive for quick printing, ensuring that each label is clear and accurate. Because no ink is required, you don't have to worry about running out of ink, or changing messy ink ribbons when you are busy.

The pre-printed design includes an area for price, sell by date, and weight so you can create an organized, standard labeling system. Thanks to the bright, white color, the print stands out clearly and is easy to read. Each label peels away smoothly from the backing, and because of the permanent adhesive, each label securely sticks to any surface without worrying about it peeling off. This label roll has 700 labels so that you can count on it to last a long time between changes. Each label measures 2 5/16" x 1 5/8", giving you plenty of room to print the information you need and no ink, toner, or ribbons are required for printing.
