Notes & Details

Make it easy to portion product thanks to this AvaWeigh PCS60 60 lb. digital price computing scale, legal for trade. Ideal for delis, bakeries, and supermarkets, this AvaWeigh PCS60 60 lb. digital price computing scale is a fast, affordable, and accurate way to portion your most popular items for sale! This digital scale features a backlit LCD display, a durable ABS plastic housing, and a 11 1/4" x 8 1/4" stainless steel weighing platform. This ensures that it's easy to maintain and keep sanitary for frequent use in your business.

With its 25-key keyboard operating system, print keys, save, and quick memory features, this scale makes weighing food product a breeze. This scale's system is capable of memorizing an item's name, life, ingredient, tare weight, and price, and can store up to 265 PLUs. This makes your operation much more efficient so that you can serve customers quickly. Plus, PLUs can be entered individually or through a simple upload from a computer.

Calibrating by weight in kg or lb., this scale is convenient to keep on hand in your business. It is also capable of printing a barcode label. The scale has a RS-232 data port and USB port allowing it to easily connect with a printer or computer for accurate and consistent record keeping, making the unit versatile for your business needs. With its small footprint, this scale is easy to set up in your business without losing too much of your valuable counter top space. This unit comes with an AC adapter and rechargeable batteries.
