Portable LP Tank Connection

Notes & Details

This Backyard Pro stainless steel outdoor patio stove / range is perfect for turkey frying, steaming or boiling vegetables, clam bakes, frying fish or seafood, corn-on-the-cob and more! The single cast iron burner produces 55,000 BTUs of cooking power to provide efficient, controlled heat.

Its 16" x 16" square top is more stable than comparably sized round outdoor burner designs and easily accommodates stockpots, cast iron skillets or other cookware. Its durable welded stainless steel frame is designed for years of worry-free use. A 5 PSI high performance adjustable liquid propane regulator and 36" rubber hose is included to help you achieve excellent results no matter what you're cooking.
