Notes & Details

Start brewing your own signature beers with this all-in-one Backyard Pro brewing kit with 21" tall outdoor gas range / patio stove and 40 qt. / 10 gallon stainless steel brewing pot kit! This kit includes everything you need to set up a small-scale beer brewing system, and the brewing pot and lid are constructed of type 201, 0.8mm stainless steel to stand up to the heavy use it will take to perfect your beer recipes. The kit comes equipped with a brewing pot, an elevated drain basket, a thermometer, a strainer that is connected to the faucet, and a heavy-duty drain valve.

The stainless steel pot is designed with high sides and slim diameter to prevent any potential boiling mishaps. The heavy-duty 1/2" NPT drain valve is set up with an ultra-tight seal that eliminates leaks, making your brewing process as mess-free as possible. With a 40 qt. / 10 gallon capacity, this brewing system is ready to create your own six pack with ease!

The 21" tall Backyard Pro patio stove / range brings your brewing pot to a comfortable working height for perfect results every time! With 55,000 BTUs of cooking power, the burner is perfect for your brewing applications. The stove / range is incredibly stable and can easily accommodate stockpots, cast iron skillets, or other cookware for other uses outside of brewing. Its heavy-duty welded steel frame is stable and sturdy enough to support the brewing pot and its accessories with ease. The burner is protected all the way around by a wind screen for an added measure of safety, and a 5 PSI adjustable regulator and 36" rubber hose are included to connect this outdoor range to your liquid propane tank. Whether brewing is a new hobby, or a potential new product for your business, add this brewing pot kit to your repertoire today.

- Kit Includes:**
- Brewing pot
 - Elevated drain basket
 - Thermometer
 - Strainer (connected to faucet)
 - Heavy-duty drain valve
 - Outdoor patio stove / range
