Notes & Details

Take your culinary creations to the next level with this Backyard Pro liquid propane folding outdoor griddle! With 4 independently controlled cooking zones and a powerful 60,000 BTU output, this griddle is perfect for grilling everything from burgers and hot dogs to fresh vegetables all at once. The 705 sq. in. cooking surface area provides ample space to cook for a crowd, making it ideal for outdoor events, tailgating parties, or catering operations. For simple operation, the control knobs allow you to easily adjust the temperature of each zone.

Designed for convenience, this outdoor griddle features side shelves that can be folded down for storage or transportation. The built-in wind guards protect the food and the burner flame from strong wind, helping to maintain consistent cooking temperatures so your food is cooked to perfection. The bottom shelf offers additional storage space for utensils, condiments, or other cooking essentials, keeping everything you need within reach. Featuring a steel construction with 2 large wheels and 2 smaller locking wheels, this griddle combines durability and portability to upgrade your outdoor cooking setup.
