Notes & Details

Keep your workspace cool and comfortable with this Boltic drum fan! This versatile fan is designed for indoor use on the floor in offices, industrial spaces, or commercial locations. It's made with a black powder-coated steel fan guard for safety and features a fan head with a 360-degree vertical tilting angle for consistent, enhanced air circulation.

This fan operates using a powerful 230W, 1/3 hp ball-bearing AC motor with 3 speeds to meet your cooling needs. It runs up to 8,750 CFM on high, features 3 aluminum blades with a 24" blade diameter for long-lasting service, and assembly is required. This industrial fan features 2 handles on top as well as 2 wheels for enhanced mobility so it can be moved easily from one location to the next, requires a 120V electrical connection for operation, and features a 9' power cord.
