

Meal Delivery Carts

Double Door, 20 Tray Capacity

Models MDC1520S20

Item No. _____

Specifier Identification No. _____

Model No. _____

Quantity _____

Features & Benefits

- Single stack rail system handles two (2) tray per rail, ten (10) trays per compartment with two (2) compartments and with a 5" (12,7 cm) clearance between rails.
- Serving capacity per cart:
MDC1520S20 - 20 each 15" x 20" (38 x 51 cm) trays
- Menu holder keeps service instructions highly visible and easy to access.
- Durable, one-piece, molded polyethylene construction ensures long term durability and reliability. Molded bottom bumpers protect walls and furniture.
- Thick foamed-in place polyurethane insulation provides added structural strength and reduces noise while transporting.
- Model has built-in venting channel in each compartment for increased air circulation which optimizes food quality.
- ABS doors are lightweight, durable and open a full 270°. These doors are self venting to assist with air circulation.
- Large stainless steel paddle latch is easy to open, rust free and can be removed and easily cleaned.
- Self-draining shelf and bottom in compartments facilitates easy cleaning.
- Four each 6" (15,24 cm) non-marking nylon casters, two (2) swivel with brake and two (2) fixed, enhance maneuverability and increase safety; optional high-density two (2) swivel or (4) four swivel.
- Non electrical.
- No assembly required.
- Available in two (2) colors.
