Notes & Details

Enhance your foodservice establishment with the Carnival King HDCG1A silver curved glass full service hot food display case! This display case with curved glass features a convenient shelf that provides optimal space for showcasing a variety of pre-made foods in an attractive manner while the back door makes it easy to restock from behind. The bottom-heated design ensures that your hot dogs, burritos, and sandwiches are kept at the perfect temperature for serving, allowing your customers to enjoy their favorite items fresh and delicious. With thermostatic controls ranging from 86 to 194 degrees Fahrenheit, you can easily adjust the temperature to suit the specific needs of your menu items.

Whether you're operating a concession stand, deli, or cafe, this display case is an ideal solution for showcasing and merchandising your hot food items. Elevate your food presentation and keep your offerings warm and appetizing with the Carnival King hot food display case! This unit requires a 120V electrical connection for operation and comes with a 6' power cord.
