Notes & Details

Keep nachos, popcorn, or peanuts fresh and delicious for your eager customers with this Carnival King NCM560R 10-15 lb. nacho chip, popcorn, peanut warmer/merchandiser! Ideal for medium-duty use 4-5 hours per day, 5 days per week. Using a convection fan, this unit forces hot air over the 500-watt heating element and recirculates and blows the air through air ducts in the corners of the unit, making sure to keep snacks at a consistent temperature and preserve freshness. Capable of holding 10-15 lb. of product, tempt guests with the tantalizing visual and irresistible aroma of your nacho chips at your concession stand, snack bar, arena, or stadium by holding them in this versatile Carnival King warmer!

A stainless steel and tempered glass construction provide durability that is sure to last through repeated use and includes three attention-grabbing and colorful vinyl decals to showcase your concession offerings. A heavy-duty scoop is also included to grab the perfect portion of chips and keeps sanitation in mind when serving. This unit's top-loading design with a removable lid and deflection board prevents product breakage and makes it incredibly simple to refill during a hectic rush. Plus, it features a 60-watt heating bulb and heated deck to keep your snacks warm and illuminated, and a stainless steel hinged door with magnetic closure makes serving as easy as possible! This unit requires a 120V electrical connection for use.
