Notes & Details

Quickly transport food pan carriers with this CaterGator Dash red compact dolly! Moving pans quickly and efficiently throughout your establishment is an imperative part of dinner service at your buffet, cafeteria, school, or restaurant. From your kitchen to your next catered event, this dolly is designed for long-lasting and efficient transportation that ensures your food arrives safely. This dolly can transport up to 550 lb. of stacked food pan carriers. Its sturdy, light weight, shock-resistant ABS frame and high-quality polypropylene wheels are built to last.

The dolly's casters are equipped with ball bearings and a thread guard to add extra durability to its construction. 2 fixed casters and 2 swivel casters provide ultimate control over even and uneven surfaces with ease.

This dolly comes with a removable EPP insert with 4 holes to match up with the base of the EPP unit front loader 215EPPEL5 (sold separately). The holes create a snug fit that won't shift while you're pushing and transporting the carrier. Also, they make stacking 2 units on top of one another more secure. The EPP insert can be removed to accommodate larger food pan carriers.

Delivering quality products at a fair price, CaterGator is the ideal serving solution for catering businesses, hotels, food trucks, and concession stands. Upgrade your catering services with this insulated food pan carrier!
